Accountability & Performance on Construction Projects

Featuring Desila Rosetti, President
 Organizational Development Solutions, Inc

**CONSTRUCTION
 ADVANCEMENT
 FOUNDATION**

Success in construction is dependent on your ability to set goals and standards for your employees and sub-contractors. Daily production goals, quality standards, safety standards, and "best practices" are just a few. Establishing *and* communicating your goals and standards is a sure fire method to improve your profitability on every project.

DATE: March 25, 2010

TIME: 8:00 a.m. - 12:00 p.m.
